Dr. Nicole Reynolds is a licensed clinical psychologist and member of the National Register of Health Service Psychologists (NRHSP). She completed her doctoral program at the Georgia School of Professional Psychology (GSPP) with a concentration in Health Psychology in 2014, and board certification in Geropsychology in 2022 with the American Board of Professional Psychologists (ABPP). Dr. Reynolds has worked predominately in medical and healthcare settings, including outpatient primary care and specialty medicine. She currently works at the University of Colorado Hospital/Anschutz Medical Campus providing psychological evaluation, consultation-liaison, and outpatient psychotherapy services.
